

Lakeland State School

School review conducted 25 to 27 October 2021

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

Review highlights

- ✓ The individual needs of each child are considered in everything they do.
- ✓ Students love engaging with the real-life learning activities provided.
- ✓ Staff embrace their learning journey, knowing it makes a difference.
- ✓ Community, P&C and the school work together for the community as a whole.

Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➔ Enhance the three levels of planning, ensuring that it reflects current systemic expectations, and aligns with and quality assures the delivery of all aspects of Australian Curriculum version 9.0.
- ➔ Enhance the culture of inquiry and innovation, ensuring all students are provided with an age-appropriate range of learning experiences that support creativity and independence.
- ➔ Build the capability of all staff to implement agreed approaches to the teaching of reading and writing, including the connection to curriculum, pedagogy and data analysis.
- ➔ Review the explicit improvement agenda, developing a sharp and narrow agenda that supports all staff and families to engage and enact it, leading to embedded practice.
